1416 Pasadena Avenue
Omaha 7, Nebraska

Dear Sir:

Thank you for your letter reporting reception of our Station KURA during our frequency check of November 17, 1962.

This is a 1,000 Watt daytime, 250 Watt night station, non-directional. Regular broadcasting hours are from 7 a.m. to 10 p.m.. Our regular frequency check will be run on each third Saturday morning of the month, between 12:45 a.m. and 1:00 a.m., MST.

As we have recently changed to 1,000 Watts we have no coverage maps available yet. Our studio and transmitter are located on 600 West Street in Moab.

We are happy to note your good reception and appreciate your writing.

Very truly yours,

Ellen Alger
